Your Technical Solution.

Anesthesia Delivery Machines & Monitors

We offer a comprehensive testing procedure to ensure that your equipment is within the manufacturer's specifications. This program helps to prevent wear and tear or sudden equipment failure, as well as prolong your equipment's lifespan. Our program helps you to comply with the strict standards of **The Royal College of Dental Surgeons of Ontario (RCDSO)** and with the **Ontario Society of Oral and Maxillofacial Surgeons (OSOMS)**.

What can we service?

We can service a wide range of anesthesia delivery machines and anesthetic monitors

Why choose us?

- Programs starting from \$299.00 + HST
- our testing process and reports comply with the RCDSO and the OSOMS guidelines
- we are Health Canada Licensed
- we are fully insured
- we offer automatic annual rescheduling
- we are manufacturer trained on medical equipment and anesthetic gas machines
- we are Certified Technologists
- we carry a large selection of accessories and equipment
- we offer a comprehensive emergency response program
- we have 30 years experience in the medical field
